

AEROMOB

HELICOPTER PARTS INC

1. HELIMOB 206S®

PN: AM-RDM-206S-K02

1.1 PRESENTATION AND TECHNICAL SPECS

Mechanically powered equipment with extremely high reliability, free from hydraulic leaks and battery dependence.

1.2 DESCRIPTION

Pair of double wheels, for installation on helicopter skis model Bell 206 JET RANGER, for Low or High Skid. The HELIMOB 206 equipment has the function of suspending the aircraft from the ground and making movement possible.

PART NUMBER: AM-RDM-206S-K02 **AEROMOB**

ITEMS OF PART NUMBER: AM-RDM-206S-K02

ITEM NUMBER	DESCRIPTION	PART NUMBER	QTY
1	GROUND HANDLING WHEELS LEFT AND RIGHT	AM-RDM-206S-M07	1
2	LOCK PIN	AM-RDM-206S-11	2
3	LEFT LEVER BAR	AM-RDM-125-M06	1
4	USER MANUAL (PDF)	AM-RDM-206S-MU2	1
5	MANUAL VIDEO (MP4)	AM-RDM-206S-VM2	1

1.3 DIFFERENTIALS

- Quick and practical fit on the ski;
- Rapid lifting action;
- Skis elevated from the floor, allowing movement on terrain with a certain irregularity/inclination. Preventing drag on the ground and damage to the ski (consult us for more details);
- Robust and highly reliable construction;
- More fluid movement than traditional systems;
- Compact equipment, allowing transportation even inside the aircraft. (Depending on the configuration of the luggage space applied to your aircraft and without dispensing the correct and safe securing of the cargo, under the commander's responsibility).

1.4 TECHNICAL DETAILS

- Built in steel with Molybdenum alloy to withstand high loads, being compact and light;
- Stainless steel screws, pins and miscellaneous;
- First-line tires of the pneumatic type of 70psi;
- High durability standard yellow epoxy painting;
- Built to eliminate unnecessary twisting efforts on the skis lock pins;
- Full assistance and availability of spare parts;
- Built in accordance with NBR8400, NBR10474 and NBR6171;
- All equipment with 1 Year Warranty;
- Registered and branded equipment by WIPO - World Intellectual Property Organization.

1.5 INCLUDED ITEMS

- 2 Single Wheels (1 PAIR)
- 1 Lever bar (bi-part) with locking system
- 1 Video User Manual (Portuguese with English subtitles)

1.6 WARRANTY

1 (one) year warranty against manufacturing defects, not including the replacement for deterioration by normal use, misuse and damage such as punctures, bubbles or cuts in the tires. The warranty does not cover the costs of sending the equipment for repair and return shipping.
